Political Thought in Modern India-Thomas Pantham 1986

The twenty stimulating and original essays in this volume provide a comprehensive analysis of the main strands of modern Indian political thought. The thinkers discussed are Rammohun Roy, Dayananda Saraswati, Bankimchandra Chattopadhyay, Ranade, Phule, Tilak, B R Ambedkar, Tagore, Sri Aurobindo, M N Roy, Jawaharlal Nehru and Gandhi. Separate essays are devoted to the Hindu and Muslim traditions in Indian political thought, Hindu nationalism, and the ideologies of the Communist and Sarvodaya movements. A significant feature of these essays is that they study each thinker or movement in the relevant socio-historical context as also examine the consequences and impact of modern Indian political theories. These are analysed from a world-historical and, to some extent, a political economy perspective. The essays in this collection highlight two major streams in modern Indian political thought--one which favoured the adoption or adaptation of western political traditions and the other which sought to evolve indigenous or alternative formulations. The overall conclusion that emerges from this volume is that in order to formulate an adequate political philosophy for the modern age, both the western and Indian traditions have to be taken into account. In this context, some of the essays highlight the contemporary global relevance of Gandhi's socio-political ideas. This book is a major contribution to modern political philosophy. It will be of great value to students and teacher of political science.

Issues in Comparative Politics-CQ Researcher, 2011-10-07

Comparative politics students will benefit from CQ Researcher's award-winning, non-partisan reporting that looks at today's most important problems, ranging from democratization and regime change to policies on immigration, welfare, and religion. Each essay identifies key players, explores what's at stake, and shows how past and current developments impact the future.

State Politics in India-Myron Wiener 2015-12-08

The essays in this book compare and analyze political processes in eight states within the Indian Union. A long introductory chapter by Myron Weiner sets the stage for individual studies of each state by separate scholars, namely: Myron Weiner (MIT) on Political Development in the Indian States; Paul H. Brass (University of Washington) on Uttar Pradesh; Wayne Wilcox (Columbia University) on Madhya Pradesh; Ram Joshi (S.I.E.S. College, Bombay) on Maharashtra; Balraj Puri (Editor, Kashmir Affairs) on Jammu and Kashmir; Marcus F. Franda (Colgate University) on West Bengal; Lawrence L. Shrader (Mills College) on Rajasthan; Hugh Gray (University of London) on Andhra Pradesh; and Baldev Raj Nayar (McGill University) on Punjab. Originally published in 1968. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

A History of Western Political Thought-J. S. McClelland 2005-07-15

A History of Western Political Thought is an energetic and lucid account of the most important political thinkers and the enduring themes of the last two and a half millennia. Written with students of the history of political thought in mind, the book: * traces the development of political thought from Ancient Greece to the late twentieth century * focuses on individual thinkers and texts * includes 40 biographies of key political thinkers * offers original views of theorists and highlights those which may have been unjustly neglected * develops the wider themes of political thought and the relations between thinkers over time.

Gender and Politics-Jane H. Bayes 2012-07-10

This timely collection offers a fresh look on the impact of gender perspectives in the discipline of political science at the beginning of the 21st century. Jane Bayes combats the Eurocentric focus that has characterised both fields and suggests viable alternatives for the future of the disciplines.

State Politics in India-Himanshu Roy 2017

The last decade of the nineteenth century witnessed, for the first time, the demand for a federal polity premised on the principle of linguistic provinces. The regional Chambers of Commerce in the Telugu, Bengali and Tamil linguistic regions were the first to put forth such a demand before the Congress and the colonial state. The Indian National Congress agreed to it in 1920 and reorganized provincial Congress organizations, which had been earlier based on politico-administrative boundaries of the British Indian provinces, on linguistic lines under a new party constitution under Gandhi's influence. However, once it came to power at the Centre in 1947 the national Congress leadership changed its stand. In 1953, under the pressure of a mass upsurge, the Nehru government was compelled to set up a State Reorganisation Commission to consider the question of the creation of linguistic states. In the past 63 years, several works have been published on the theme of 'state politics', but most writers have concentrated on electoral politics. This book, however, discusses different aspects of politics in the 27 states and 2 Union Territories with legislative assemblies (with some minor omissions which are regretted). For example, it analyses the different social structures, levels of economic development, landholding patterns, party systems, voting behaviour, political culture and governance and politics of each state. It discusses their internal dynamics which are influenced by the size of the population, demography, territory and topography, economy, and the power structure of the different classes and communities. The book also takes into account the commonalities across the boundaries at both, the micro and the macro levels, such as the expansion and intensification of capitalist social relations into the innermost areas, breakdown of old structures and social mores, emergence of civil society, development of administrative transparency, growth of alternative party systems and the linkages of each state/region with the nation and global capital. The liberalization of economy over the last few

decades has accelerated the growth of commonalities across the states through a growing uniformity of production processes and consumer culture.

Issues in Comparative Politics-Subrata Mukherjee 1996

Contributed articles.

An Introduction to Political Theory-Gauba 2009-02

This new edition of An Introduction to Political Theory examines a fairly wide range of issues on political theory as identified at the beginning of the new millennium. It elaborates the nature and significance of political theory, concept of ideology, wi

Democracy and Development in India-Atul Kohli 2010-07-08

The essays in this volume are organized thematically in three sections-political change; political economy; and politics and development in select states. The introductory essay acts as an 'umbrella' to these essays and represents twenty-five years of scholarly research by distinguished political scientist Atul Kohli.

Political Constructivism-Peri Roberts 2007-10-25

Political Constructivism is concerned with the justification of principles of political justice in the face of pluralism. Contemporary accounts of multiculturalism, pluralism and diversity have challenged the capacity of political theory to impartially justify principles of justice beyond the boundaries of particular communities. In this original account, Peri Roberts argues that political constructivism defends a conception of objective and universal principles that set normative limits to justifiable political practice. Political Constructivism explores this understanding in two ways. Firstly, by engaging with constructivist thinkers such as John Rawls and Onora O'Neill in order to lay out a basic understanding of what constructivism is. Secondly, the author goes on to defend a particular account of political constructivism that justifies a universal primary constructivism alongside the many secondary constructions in which we live our everyday lives. In doing so he outlines an understanding of principled pluralism which accepts diversity whilst at the same time recognising its limits. This volume will be of particular interest to students and researchers of political theory and political philosophy.

Peasant Movements in India-Kankanala Munirathna Naidu 1994

Covers post and pre independence period.

Tourism Operations-Duncan Duffett 2008

Human Rights and International Trade-Thomas Cottier 2005

Bringing together several contrasting views of each topic, this book addresses highly topical issues including institutional cooperation and lawmaking, and the interaction between trade and human rights in dispute settlement. Conceptual analysis is combined with case studies.

J.S. Mill's Political Thought-Nadia Urbinati 2007-01-29

The year 2006 marked the two hundredth anniversary of John Stuart Mill's birth. Though his philosophical reputation has varied greatly, it is now clear that Mill ranks among the most influential modern political thinkers. Despite his enduring influence, the breadth and complexity of Mill's political thought is often underappreciated. While his writings remain a touchstone for debates over liberty and liberalism, many other important dimensions of his political philosophy have until recently been ignored. This book aims to correct such neglect, by illustrating the breadth and depth of Mill's political writings, by drawing together a collection of essays whose authors explore underappreciated elements of Mill's political philosophy. The book shows how Mill's thinking remains pertinent to our own political life in three broad areas - democratic institutions and culture, liberalism, and international politics - and offers a critical reassessment of Mill's political philosophy in light of recent political developments and transformations.

New Institutionalism-André Lecours 2005-01-01

Featuring discussions of comparative politics, public policy, and international relations, this collection from editor André Lecours is a comprehensive examination of the subject, making it a crucial addition to any political scientist's library.

Reflections of a Millennial: Stride Towards Spectrum of Emotions-Mahalaxmi Pillai 2022-07-20

Viewing world through eyes of a millennial, the emotions, the hardships, the situations that is being witnessed and experienced is projected in here in these pages.

Ambedkar Thought-Bhimrao Ramji Ambedkar 2005-01-01

Contents: History; Vedic Aryans; Brahminism or Counter Revolution; Buddha and his Dhamma; Manu Smriti; Philosophy of Hinduism; Caste System; Untouchables and Untouchability; Congress and Untouchability; Congress and Gandhism; Separate Electorates and Communal Representation; Politics; Democracy; Women; Economics; State Socialism; Labour; Religion and Ethics; Educate-Agitate-Organise; Revolution; A Brief Life Sketch of Babasaheb Dr B R Ambedkar Bibliography.

Multiculturalism and Political Theory-Anthony Simon Laden 2007-08-23

Over the past twenty-five years debate surrounding cultural diversity has become one of the most active areas of contemporary political theory and philosophy. The impact of taking cultural diversity seriously in modern political societies has led to challenges to the dominance of liberal theory and to a more serious engagement of political theory with actual political struggles. This 2007 volume of essays by leading political theorists reviews the development of multiculturalism, surveys the major approaches, addresses the critical questions posed and highlights directions in research. Multiculturalism and Political Theory provides an overview for both students and researchers.

Rajneeti Siddhanta: Ek Parichay (Hindi)-Bhargava

Rajneeti Siddhanta: Ek Parichay (Hindi)

What is Political Theory?-Stephen K White 2004-02-18

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life? The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in

non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

Global Politics-Andrew Heywood 2014-03-11

In this extensively revised new edition of *Global Politics*, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students, offering exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more. This new edition offers: - Updated key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration - An entirely new chapter on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international relations - Full page case studies of *Global Politics in Action*, illuminating major events in world affairs - *Global Actor* case studies considering the nature and significance of key players on the world stage, from Google to the G-20 - Focus and debating features looking closely at issues and approaches.

Auditing and Assurance (For CA-IPCC, Group II)-Ch. Pavan Kumar K. 2014

CA-IPCC Auditing and Assurance

India's Foreign Policy in the Post Cold War Era-Poonam Mann 2000

What is Political Theory and Why Do We Need It?-Rajeev Bhargava 2012-09-13

This collection of essays raises and answers important questions on political theory - What is its relevance in our times? What is it meant to do? How is it different from other forms of enquiries? The author explores deeper issues in the philosophy of social science-individualism, ethnocentrism, teleology, social ontology, and the object-like presence of social meanings.

Does the Elephant Dance?-David Malone 2011-04-07

Surveys the main features of contemporary Indian foreign policy.

COMPARATIVE POLITICS AND GOVERNMENT-S. A. PALEKAR 2008-12-28

Considerable changes are taking place today in the structure and working of governments all over the world. This, in turn, has necessitated a change in the approach to the study of government and politics. This well-organized and systematic study takes into account these developments and shift in approach in the field of comparative government and politics. As the empirical study of political processes, structures and functions forms a major part of comparative political studies, the author examines them in detail. He also analyzes the many variables that are heterogeneous in nature. The book analyzes in tandem comparative government—which involves the study of different political systems with their institutions and functions—and comparative politics, which covers comparative governments and non-state politics. The latter also studies rule making, rule implementing and rule adjudicating. Since different political systems are governed by the constitutions of the nations concerned, the book deals in detail with the constitutions of these countries. While the text gives a comprehensive coverage of constitutions of democracies such as UK, USA, France, Switzerland and Japan, it also deals with the constitutions of authoritarian States like Russia and China. This text should be of great value to undergraduate and postgraduate students of political science as well as aspirants of civil services.

Fifty Major Political Thinkers-Ian Adams 2004-03-01

Fifty Major Political Thinkers introduces the lives and ideas of some of the most influential figures in Western political thought, from ancient Greece to the present day. The entries provide a fascinating introduction to the major figures and schools of thought that have shaped contemporary politics, including: Aristotle Simone de Beauvoir Michel Foucault Mohandas Gandhi Jurgen Habermas Machiavelli Karl Marx Thomas Paine Jean-Jacques Rousseau Mary Wollstonecraft. Fully cross-referenced and including a glossary of theoretical terms, this wide-ranging and accessible book is essential reading for anyone with an interest in the evolution and history of contemporary political thought.

Political Parties and Party Systems-Ajay K Mehra 2003-06-23

This comprehensive textbook outlines and illuminates the main theories of political parties and party systems. Applying these theoretical approaches to British party politics, Moshe Maor covers all the key subjects of study including: * classification of party definitions * party systems change * party institutionalization * cohesion and dissent * intraparty conflicts and legislative bargaining * multiparty electoral competition Maor's study highlights the importance of the intraparty arena and actors in understanding the shape and behaviour of political parties, pr.

Budget Examiner-National Learning Corporation 1990-06

The Budget Examiner Passbook(R) prepares you for your test by allowing you to take practice exams in

the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam.

The Political Ideas of St. Thomas Aquinas-Thomas Aquinas 1997-10-01

Originally published in The Hafner Library of Classics in 1953, *The Political Ideas of St. Thomas Aquinas* provides important insights into the human side of one of the most influential medieval philosophers. St. Thomas Aquinas (c. 1226-1274) is recognized for having synthesized Christian theology with Aristotelian metaphysics, and for his spirited philosophical defense of Christianity that was addressed to the non-Christian reader. In this collection, editor Dino Bigongiari has selected Aquinas's key writings on politics, justice, social problems, and forms of government, including the philosopher's main works: *Regimine Principis (On Kinship)* and *The Summa Theologica*. In an authoritative discussion of the historical background and evolution of St. Thomas Aquinas's political ideas, Dr. Bigongiari's commentary explains this philosopher's enduring influence and legacy. Accompanying explanatory notes and a helpful glossary of unusual terms and familiar words help to make this practical volume an ideal text for students and general readers alike.

Democracy in International Relations-Hans Köchler 1986

Gandhi and the Contemporary World-Sanjeev Kumar 2019-12-20

This book develops a critical understanding of Mahatma Gandhi's philosophy and practice in the context of contemporary challenges and engages with some of his key work and ideas. It highlights the relevance of Gandhi's legacy in the quest towards peace-building, equity and global justice. The volume examines diverse facets of Gandhi's holistic view of human life – social, economic and political – for the creation of a just society. Bringing together expert analyses and reflections, the chapters here emphasise the philosophical and practical urgency of Gandhi's thought and action. They explore the significance of his concepts of truth and nonviolence to address moral, spiritual and ethical issues, growing intolerance, conflict and violence, poverty and hunger, and environmental crisis for the present world. The volume serves as a platform for constructive dialogue for academics, researchers, policymakers and students to re-imagine Gandhi and his moral and political principles. It will be of great interest to those in philosophy, political studies, Gandhi studies, history, cultural studies, peace studies and sociology.

Development, Women, and War-Haleh Afshar 2004

* Surveys feminist approaches to peacebuilding and conflict resolution * Covers conflicts in the Middle East, Africa, and Eastern Europe Policy makers, practitioners, and academics discuss long-running conflicts in the Middle East, Africa, and Eastern Europe. They highlight the shared experiences of women, and their potential to contribute both to war and to peace. Chapters survey feminist approaches to peace building and conflict resolution, and present concrete policy measures to achieve these ends. Underlying all the essays in this volume is a sense of the need to understand gendered power relations and the dynamics of social change.

Aerodynamic Assessment of Flight-Determined Subsonic Lift and Drag Characteristics of Seven Lifting-Body and Wing-Body Reentry Vehicle Configurations-National Aeronautics and Space Administration (NASA) 2018-06-15

This report examines subsonic flight-measured lift and drag characteristics of seven lifting-body and wing-body reentry vehicle configurations with truncated bases. The seven vehicles are the full-scale M2-F1, M2-F2, HL-10, X-24A, X-24B, and X-15 vehicles and the Space Shuttle Enterprise. Subsonic flight lift and drag data of the various vehicles are assembled under aerodynamic performance parameters and presented in several analytical and graphical formats. These formats are intended to unify the data and allow a greater understanding than individually studying the vehicles allows. Lift-curve slope data are studied with respect to aspect ratio and related to generic wind-tunnel model data and to theory for low-aspect-ratio platforms. The definition of reference area is critical for understanding and comparing the lift data. The drag components studied include minimum drag coefficient, lift-related drag, maximum lift-to drag ratio, and, where available, base pressure coefficients. The influence of forebody drag on afterbody and base drag at low lift is shown to be related to Hoerner's compilation for body, airfoil, nacelle, and canopy drag. This feature may result in a reduced need of surface smoothness for vehicles with a large ratio of base area to wetted area. These analyses are intended to provide a useful analytical framework with which to compare and evaluate new vehicle configurations of the same generic family. Saltzman, Edwin J. and Wang, K. Charles and Liff, Kenneth W. Armstrong Flight Research Center RTOP 529-50-04-00-RR

Political Theory-Andrew Hacker 2003-01

Democracy, Liberty, and Equality-Robert A. Dahl 1986

Here, esteemed political scientist Robert A. Dahl presents his unique contribution to an ongoing debate: What is the relationship between democracy, liberty, and equality? In the process, he proposes various alternative ways to attain these ideals in political life. His collection of essays reflects the continuing confrontation of three different theoretical visions--capitalism, socialism, and democracy--and assesses the relative merits of each as a means to achieving liberty and equality. Considering complex issues of democratic theory, Dahl ranges over such topics as the theory of democratic socialism, Marxism and free parties, democracy in the workplace, federalism in the democratic process, polyarchy, and pluralism.
